

MPSV DP II DON FILI

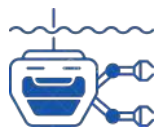

General Specifications

The vessel called DON FILI is a Multipurpose Support Vessel for oil exploitation platforms. Its activities include providing personnel, materials, equipment, and operations for the maintenance of the platforms. Built in 2010 by the Chinese shipyard DAISHAM HAIZOU, it has undergone important transformations such as a helideck, located in the bow, built in aluminum, and supported by strong aluminum structures, coupled to the structural areas of the ship; and an 80-ton operating crane.

Designed for activities in the offshore sector such as:

- Subsea Operations
- Diving

- ROV and survey activities
- Lifting Operations

- Dredging
- Wreck Salvage

- Accommodation Support
- Supply duties

- Platform and SPM maintenance
- Well intervention and more

MAIN PARTICULARS

Flag:	México
Year built:	2010
Type:	Multi-purpose DP II Vessel
Class:	Lloyd's Register
GTR:	2,570
NT:	771
IMO	9575905
L.O.A:	67.00 M
Breadth:	16.00 M
Draught:	4.80 M
Depth:	6.5 M

CAPACITIES

FUEL (DIESEL)	207.33 m3
POTABLE WATER:	713 m3
CLEAR DECK AREA:	200 m2
MAX DECK CARGO:	245 t
CREW:	15 people
TOTAL ACCOMODATION CAPACITY:	169 people

RESCUE EQUIPMENT

LIFEBOATS:	4
RESCUE BOAT AND DAVIT:	1
LIFE RAFTS (25 PEOPLE):	11
LIFE VESTS:	200
LIFEBUOYS:	8
